Color Flyers are normally printed on 24# white paper except as noted here: To print on 28# Hammermill Smooth white paper add 2¢. To print on 80# Glossy Text paper add 5¢ per sheet. To use 100# Glossy Text paper add 10¢ per sheet. To print on legal size paper (uncoated only) multiply price by 1.27. To print on cardstock, multiply printing price by 1.5 and add selected cardstock cost. Bleed pricing is for full size flyers that have images or text that prints to the edge(s) of the paper. **TO SAVE MONEY** (to avoid the bleed pricing), bleed flyers may be printed on regular paper size, then the white edges would be trimmed off - the flyers will be approximately 3/8" smaller in height and width after trimming. Black/Grayscale Flyer prices are based on using 20# white paper for single sided and 24# white paper for two sided printing. Add 2¢ per flyer to print on Pastel Colored Paper. Add 3¢ to print on Bright Colored Paper. You may come by our store to view a proof before printing.
